REPORT

After dossier 45.351 Mrs. Hilcia Graciela Leikis de Alvarez Rojas claimed against O.S.N. (National Sanitary Works) because of her dismissal.

The Judge gave a sentence in behalf of the complainant and the State had recouped to the following instance and the Chamber confirmed the sentence. The State appeal to the Supreme Court of the Nation and the original sentence was confirmed again in February 7, 1977 (the couple was abducted in October 1976).

The above mentioned dossier is now in the Work National Appealings Court of Justice n° 2 (Cerrito 536, 1010 Buenos Aires, Argentina). The State must entrust judicially a compensation equivalent to u\$s 1500 in the original time plus interests.

According to our laws, these kind of compensations must be perceived by the complainant exclusively without exception. There will be that money destroyed by an annual rate of inflation higher than 150 %, the highest on the world.

Buenos Aires, April 18, 1978.
